Dear mr Tortellini,

here I go with a recap of what we just spoke about at the phone.

Our (fifth) monthly evaluation highlighted the fact that we missed the 5-interactions per day on the Facebook platform, which is stuck at an average of 2.1 interactions. We agreed on the fact that we want to change this trend as soon as possible for the last month of the contract. I expect you now to taking action.

without friendly greetings,
the Borrel Board

Dear Board of Borrel,

we agreed on the failure of reaching the expected interactions, and as we said at the phone we will take action for the last month. I will come up with something, no worries.

ciao,
mr Tortellini
